

Date:-24.2.2010

Dear Parents,

This is to update you that one child from Std. V Jade (name withheld to keep confidentiality) has been diagnosed positive with H1N1. The School received the information on 23.2.2010, at 4:00 p.m. The child came to school till 18th Feb 2010. This is for your information.

With early detection of the flu and medical facility available, closure of school/class has not been recommended by Pune Municipal Corporation.

Please take relevant precautions already stated in circulars sent before .Do not send your child to school if showing flu like symptoms.
