

THE ORCHID SCHOOL

IMPORTANT ANNOUNCEMENT – INTERIM FEE STRUCTURE FOR NEXT ACADEMIC YEAR 2010-11

15th March, 2010

Dear Parents,

This circular is sent to communicate **the interim fee structure** for the next academic year, 2010-11.

The final fee outcome will be subject to the Fee Fixation Committee approval and taking into consideration all applicable GRs for TOS fee structure.

For the FINAL FEE CALCULATION, The Board will take into account, for fee consideration, realities like High Court Order on fees for private-permanently non-grant-in aid schools, Bansal committee recommendations for fee calculation, 6th Pay package for TOS Staff and the purchase of the school property on PNES name.

Since 25% hike was already announced in December 2008, we will implement the same for next year.

Based on PTA recommendations to the Board and Board's own review of the Budget the following decisions are arrived at.

- From year 2010-11, food facility for all levels will be discontinued. Board may examine the feasibility of coupon system on payment basis for food,
- Depending on the final fee outcome, charges for text books, note books and other TOS publications **may be included in the fees or charged extra.** TOS will make arrangements in school premises so parents can buy all study materials under one roof.
- **Final Fees** to be charged in 4 installments. These challans will be given in April, along with this year report.

- Government is yet to decide on the final formula for fee fixation, and the percentage of surplus that can be charged. When the Government decides on the above before the next academic year, it will be included in the fees and challans will be given accordingly.
- **Please note that there will be additional fee added .**
- Right now the situation is very fluid and changing every week. Hence we are not able to give any clear picture regarding the final figures of fees for next year.
