

THE ORCHID SCHOOL

Serious Transport Concern

**The Orchid School
Baner, Pune**

Date: 17th December 2014

Dear Parents(Junior K.G. to STD XI),

We have repeatedly received and still receiving complaints from the residents/ shopkeepers of our school vicinity about double parking, wrong parking and parking in front of resident's gate/shops. It is definitely causing a whole lot of inconvenience to them.

We would once again like to bring it to your notice the following concerns:

1. Any vehicle inside the school lane is strictly prohibited
2. Avoid parking in front of the gate and resident's houses.
3. Avoid double parking.
4. We have kept 2 parking lots reserved for parents to drop their child and go. Kindly stop your car only in that particular lot and not in the middle of the road to obstruct the other free flowing traffic.

The residents are objecting some of the above happenings and have already made complaint with the Pune Traffic Police Officer. The school will not take the responsibility if your vehicle is damaged or jammed with a jammer.

YOUR CHILD'S SAFETY IS OUR PRIORITY:

Our security staff/ school personnel are monitoring the traffic flow daily. Please listen to them and do not get into any argument. We need to ensure that we co-operate with them and interact with them with a respectful attitude, after all the intention behind all this is your child's safety.

If you have any complaints/concerns please address your grievances in writing to Mr. Matin Shaikh.
